

I Chemical Properties :

1) % Carbon :

2) % Volatile matter :

3) % Moisture :

Others :

4) % :

5) % :

6) % :

II Structure :

Amorphous

Flakes

Crystalline

Unimportant

III 1) Particle size distribution :

2) Bulk Density :

IV Consumption :

a) Present :

b) Future :

V End use (application) :

VI Packing requirement :

VII Present source of supply (if imported, name of the country) :

VIII Sample required for trials :

IX Other information :

X Any specific testing methods, please specify :

Full Address:

Signature :
